RE: West Ridge Resources, Inc. - "West Ridge" Mine - Application for a Permit Revision,
Penta Creek Fee Lease Addition, Task No. 3608

Dear Sir or Madam:

This is in response to the Utah Division of Oil, Gas & Mining's (UT-DOGM) September 7, 2010, request for a decision, under 30 CFR 944.30, whether the above subject permit revision constitutes a mining plan modification.

Mining plan approvals by the Secretary of the Interior are required under the Mineral Leasing Act of 1920, 30 U.S.C. 181, *et seq.* before coal mining can occur on Federal lands. This letter serves to document OSM's determination whether or not a mining plan approval from the Secretary is required for the above permitting action.

OSM's review of the Application for a Permit Revision, Penta Creek Fee Lease Addition, has determined that it proposes to add approximately 20.3 acres of private lands to the West Ridge mine, Utah State permit C/007/004. Fee coal will then be recovered from approximately 9.5 acres with no proposed surface disturbance.

Based on a review of the activities associated with the permit revision, OSM has determined that the proposal does not meet the requirements of 30 CFR PART 740 and PART 746. Therefore, the proposed permit revision does not constitute a mining plan action requiring Secretarial approval.

OSM's decision was based solely upon the Federal regulations under 30 CFR PART 746 and not the technical aspects of the revision application itself. Consequently, OSM's decision does not relieve UT-DOGM from coordinating the review and approval of the Application for a Permit Revision, Penta Creek Fee Lease Addition, with other Federal agencies for compliance with other Federal regulations.

OCT 12 2010

OSM also electronically transmitted the September 7, 2010, request to the Bureau of Land Management and the USDA Forest Service for their review and comment. Neither agency provided any comments in the thirty day time frame established by the Federal regulations under 30 CFR 944.30, Article VI. D.

Please notify the applicant of our decision on this matter.

Should you have any questions regarding this letter or approval, please contact Carl R. Johnston, Utah Federal Lands coordinator, at (303) 293-5038.

Sincerely,
